New Pickard plant 3 to 5 years away

Firm wants to calm Knolls' fears

By BETSY ROSSEN

Pickard China's request for annexation to Antioch and rezoning to light industrial use received final village board approval Monday night; but company president Henry (Pete) Pickard revealed information that may ease the fears of Oakwood Knolls residents.

THE PROPERTY, previously zoned for agricultural use, is 25 acres immediately east of Rt. 83 and south of the state line. Co-petitioners included realtor Michael Warren.

The company hopes to build a new plant on the site, but Pickard said Tuesday, "we're looking three to five years in the future, providing for future expansion."

He added that the firm would also maintain its present building at 782 Corona Ave., where 90 people are employed. The president of Pickard China said that building's capacity may be reached "within the next couple of years."

A MAJOR consideration in the timetable for expansion is fuel availability: Pickard is reluctant to go ahead while totally dependent on natural gas to fire kilns.

Pickard said the company will be conducting feasibility and cost studies on using a combination of fuels, especially natural gas and oil.

A 50-FOOT buffer zone is required between the

Still only 3 in mayor's race

Unless someone else files petitions by the deadline, next Monday, it's still a three-way race for mayor of Antioch.

The election is Tuesday, April 19, and the present mayor, Robert C. Wilton, isn't running because he is moving to Mundelein.

The three announced candidates for the four-year job are village trustees J. Irving Walsh and Michael J. Haley, and a newcomer to local politics, Henry J. Gillman. Other petitions have been circulat-

ed for both mayor and trustee vacancies, but the persons involved haven't announced whether or not they'll file.

Village clerk Marilyn Sterbenz said some might be waiting till the last moment, which would be 4:30 p.m. Monday, Feb. 14.

MRS. STERBENZ IS RUNNING for re-election and will be opposed by village treasurer Shirley Gutowski, who is a member of the Citizens Action Party, headed by Haley for

mayor.

Four of the six village trustee seats will be up for grabs in the April 19 election and, so far, the only candidates are members of the Citizens Action Party. They include incumbents Ronald J. Cunningham, William H. Seemann, Judy Phillips and the chairman of the village's zoning board of appeals, Donald H. Amundsen.

Arnold W. Weber and Walsh were re-elected to trustee posts in 1975 and are assured of two more years

on the board. Walsh will stay on the board even if he doesn't win the mayor's job.

WALSH SAID LAST WEEK that he decided to run for mayor because of his experience on the village board. He has been a trustee for 14 years and feels that makes him well-qualified for the role of mayor.

"If I weren't interested in the good of Antioch, I wouldn't have stayed on the board as long as I have," he said. Please turn to page 2

Ice Fishing Derby here this weekend

Mother Nature has given her benediction to the 1977 Annual Ice Fishing Derby of the Northern Illinois Conservation Club and its associate, the 885 Club, both of Antioch.

By providing a solid ice base, the extreme cold weather of the past month insures there will be no open spots in the Derby area and the contestants in the various ice drilling events will face a test of their skills.

Saturday and Sunday (Feb. 12 and 13) are the big days. Starting at 9 a.m., competing fishermen will begin to reap their share of the huge assortment of awards.

THE GRAND PRIZE is a Zenith Family Home Entertainment Center, consisting of a color TV, AM-FM stereo and tape deck.

Second prize is a Las Vegas trip for two. Also on the prize list are a CB radio and antenna, a 10-speed Schwinn bicycle, a Jiffy ice auger, a Marlin 22 calibre rifle, a Massey Ferguson rototiller, "His and Hers" down jackets, a Charmglow grill, an Evinrude trolling motor and a giant Schefflera plant for the home.

The 1977 collection of prizes has exceeded all previous years and represents more than \$8,000 in value.

A MAJOR EVENT of the Derby will be the many sled dog racing contests scheduled by the Lake

Pickard said, "In addition to the guarantees concerning a screen written into the agreement, we made a verbal commitment to the president of the Oakwood Knolls property owners association, Joseph Veith, that at such time as we would actually build, we would consult with official representatives of their organization. They would have the opportunity to have something to say about how this would be done."

Walsh lists priorities, qualifications for mayor

Continued from page 1

Walsh and his wife, Eleanor, have lived at 471 First St. for 20 years. They have three children: Sue, 20, who attends Southern Illinois University; Bob, 18, a student at the College of Lake County, and Diane, 17, a student at Antioch High School.

Walsh has worked at Rittenhouse & Embree Lumber Co. (formerly Antioch Lumber) for 39 years and has served as a volunteer fireman for 30 years. At Monday's village board meeting he was approved as treasurer of the Antioch fire

department and also the newly-formed Antioch Firefighters Association.

Walsh plans to conduct a house-to-house campaign and send out letters to every resident of the village.

If elected, he said:

"I'll work with any person or organization to improve the village, if the funds are available."

HE SAID ONE OF his main concerns is a new safety building with the fire department and rescue squads housed together.

"They are two of the finest

organizations in the county," he said. "At our present location, if we have a call on Friday night or Saturday afternoon, we have a heck of a time getting out because of the traffic conditions."

He said he feels a new location for the two departments should be found as soon as possible.

WALSH ALSO SAID he'd like to see the six village trustees do more work and have more responsibility. They should work more as committees to relieve the burden of the mayor, he indicated.

Another Walsh priority is housing for senior citizens.

"I think that's very important to Antioch right now," he said.

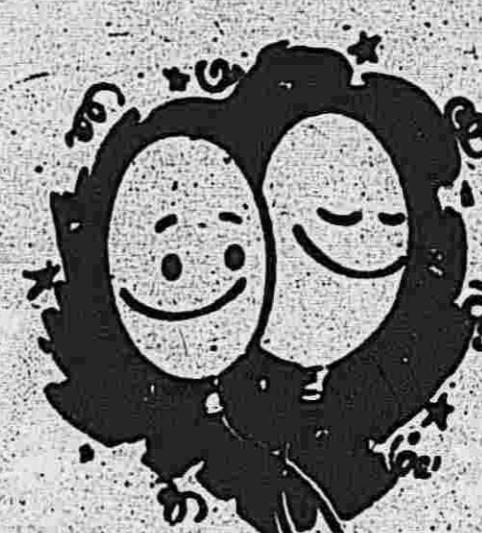

Walsh will run as an independent in the Apr. 19 mayoral election, as will Gillman.

Mrs. Sterbenz also is running as an independent. She has been village clerk for eight years.

License deadline now Mar. 1

Sec. of State Alan J. Dixon has extended the Feb. 15 deadline for displaying 1977 license plates to Mar. 1 - the latest date permitted by law - because of the numerous hardships the unpreceded winter weather has caused.

In 1976, a total of 5.6 million automobiles were registered in Illinois. As of Jan. 28, about 2.7 million were registered for 1977.

Due to extreme frost depths the Village would like to ask their water customers, in order to maintain their water supply, for their own benefit, a trickle of water should be left running from a faucet at night and anytime they will be away from home. High school board will meet Thursday

There will be a special meeting of the board of education of Antioch Community High School, District 117, on Thursday at 7:30 p.m., in the board room.

The purpose of the meeting is handling student discipline.

LAST WEEK the board met to approve curriculum changes. Edward Kurek, director of curriculum and guidance, said the changes deal mainly with freshmen level courses and were endorsed by a board committee of Charles Foster, Bette Meyer and Glen Moore.

The change extends freshmen writing skills classes from nine to 12 weeks. Speech classes were given a continuous 12-week period and decision-making classes will continue to be taught by members of the counseling department for six weeks during the freshmen's assigned free period.

Mr. Kurek also praised cooperation among the math, English, science and social studies departments of the high school and feeder schools.

PRINCIPAL ARTHUR BLECKE told the board he is concerned at what he called "misdirected efforts" of an organization known as the Commission on Children.

He objected to its efforts to win legislative approval of a bill entitled the Illinois School-Exclusion Procedure Act. Mr. Blecke said passage would weaken efforts of school boards to maintain discipline by making it impossible to suspend or expel disruptive students.

Supt. Warren Polley and the board agreed that while the intent of the bill might be commendable, its application would be expensive, impractical and harmful to educational achievements.

Mr. Blecke, chairman of the Principals Association of Lake and McHenry counties, said he plans to alert that group and ask principals to urge teachers to write state legislators, opposing the bill.

Porter Larson, supervisor of custodial services obtained the board's okay to buy two bus chassis from Pedersen Implement Co., the low bidder, and two Carpenter Bus bodies provided the equipment is available by Apr. 1.

THE BOARD APPROVED awarding a high school diploma to Carol Robinson who obtained her remaining required courses by correspondence. A dental hygienist, she was scheduled to graduate in 1969 but left school to become a homemaker.

The board also hired Brian Lucas as a custodian and Frank Truski as an assistant bus driver.

Thrift shop members seek new location

Members of the Antioch Mental Health Association are looking for a new location for their Thrift Shop which was destroyed by fire in early December.

The association had operated the Thrift Shop for nearly 10 years at the corner of Lake and Main streets in Antioch.

The proceeds from the shop and the yearly Cotillion were given to help retarded children, especially those at Grove School in Lake Forest and the young adults at Lambs Farm in Libertyville.

Persons who might know of a building that would be suitable for a Thrift Shop can call Mrs. Ray Lorenz at 395-1152 or Mrs. Norman Jedele at 395-0793.

Editorial Comment

Elsewhere in today's Antioch News is an article about the Thrift Shop's search for a new home.

The Thrift Shop, of course, has been a resale store operated by the Antioch Mental Health Association.

The store, at the corner of Lake and Main streets, was damaged by fire recently. The association had been able to use the building free but now, we understand, the owner is selling it.

Considering the meaningful work the Mental Health Association has accomplished with proceeds from its Thrift Shop, it is important to the members that the job be continued. The association has given proceeds from the shop to help retarded children at the Grove School in Lake Forest and the young adults at the Lambs Farm in Libertyville.

Perhaps someone in Antioch has a building that could be donated as a new home for the Thrift Shop. Or maybe a group of citizens or businessmen can get together and come up with an idea.

Neither of them asked us to write this editorial, but I'm sure they'd be happy to hear from you. Persons with possible solutions can call Mrs. Ray Lorenz at 395-1152 or Mrs. Norman Jedele at 395-0793.

Cut food waste, taxes

A group of Antioch High School teachers have worked to reduce taxes by stopping food waste.

The teachers' efforts helped to bring about results as the federal government has agreed to reduce the waste. A new regulation has been implemented under the National School Lunch and Child Nutrition Act of 1966 and amendments of 1975 to reduce food waste in senior high schools.

Karen Little, a dietitian for the Illinois Office of Education, says "Under the new federal regulation, senior high school students are required to select only three of the five food items of a Type A lunch."

By allowing students to select only three of the five food items of a Type A lunch, Congress is attempting to reduce the amount of food wasted.

In the past schools were required to serve all five components of the Type A lunch in order to receive state and federal reimbursements. Under the new regulations a high school will receive state and federal reimbursement if only three of the five food items are served. The new regulations apply only to high school lunch programs.

Federal officials believe that senior high school age students should have acquired sufficient knowledge of good nutrition to make choices within the Type A menu which will provide foods that make a substantial contribution to their daily nutritional requirements.

Even though a student selects only three of the

five food items on the Type A menu, regulations require that the student will have to pay full price of the lunch. The new program will require school food managers to use their imaginations in planning Type A lunches in order to attract students to select all five components.

School food managers are now going to have to ask students what they want to eat. In the long run, waste will be reduced.

Rockefeller's influence on Jimmy Carter

By RONALD REAGAN

Nelson Rockefeller retire from politics? It's about as likely as the sun suddenly reversing course and setting in the East.

That was my reaction, at least, to newspaper reports that my old friend and occasional adversary, the former vice president, was planning to hang up his spurs.

Last month, in a letter to members of a New York fund-raising group, Rockefeller said, "... now is the time to really return to private life" - with the stress on "really."

BUT NELSON ROCKEFELLER instinctively likes to be in the arena; in the thick of things. And, it is hard to imagine him just sitting on the porch at his estate, watching the world go by.

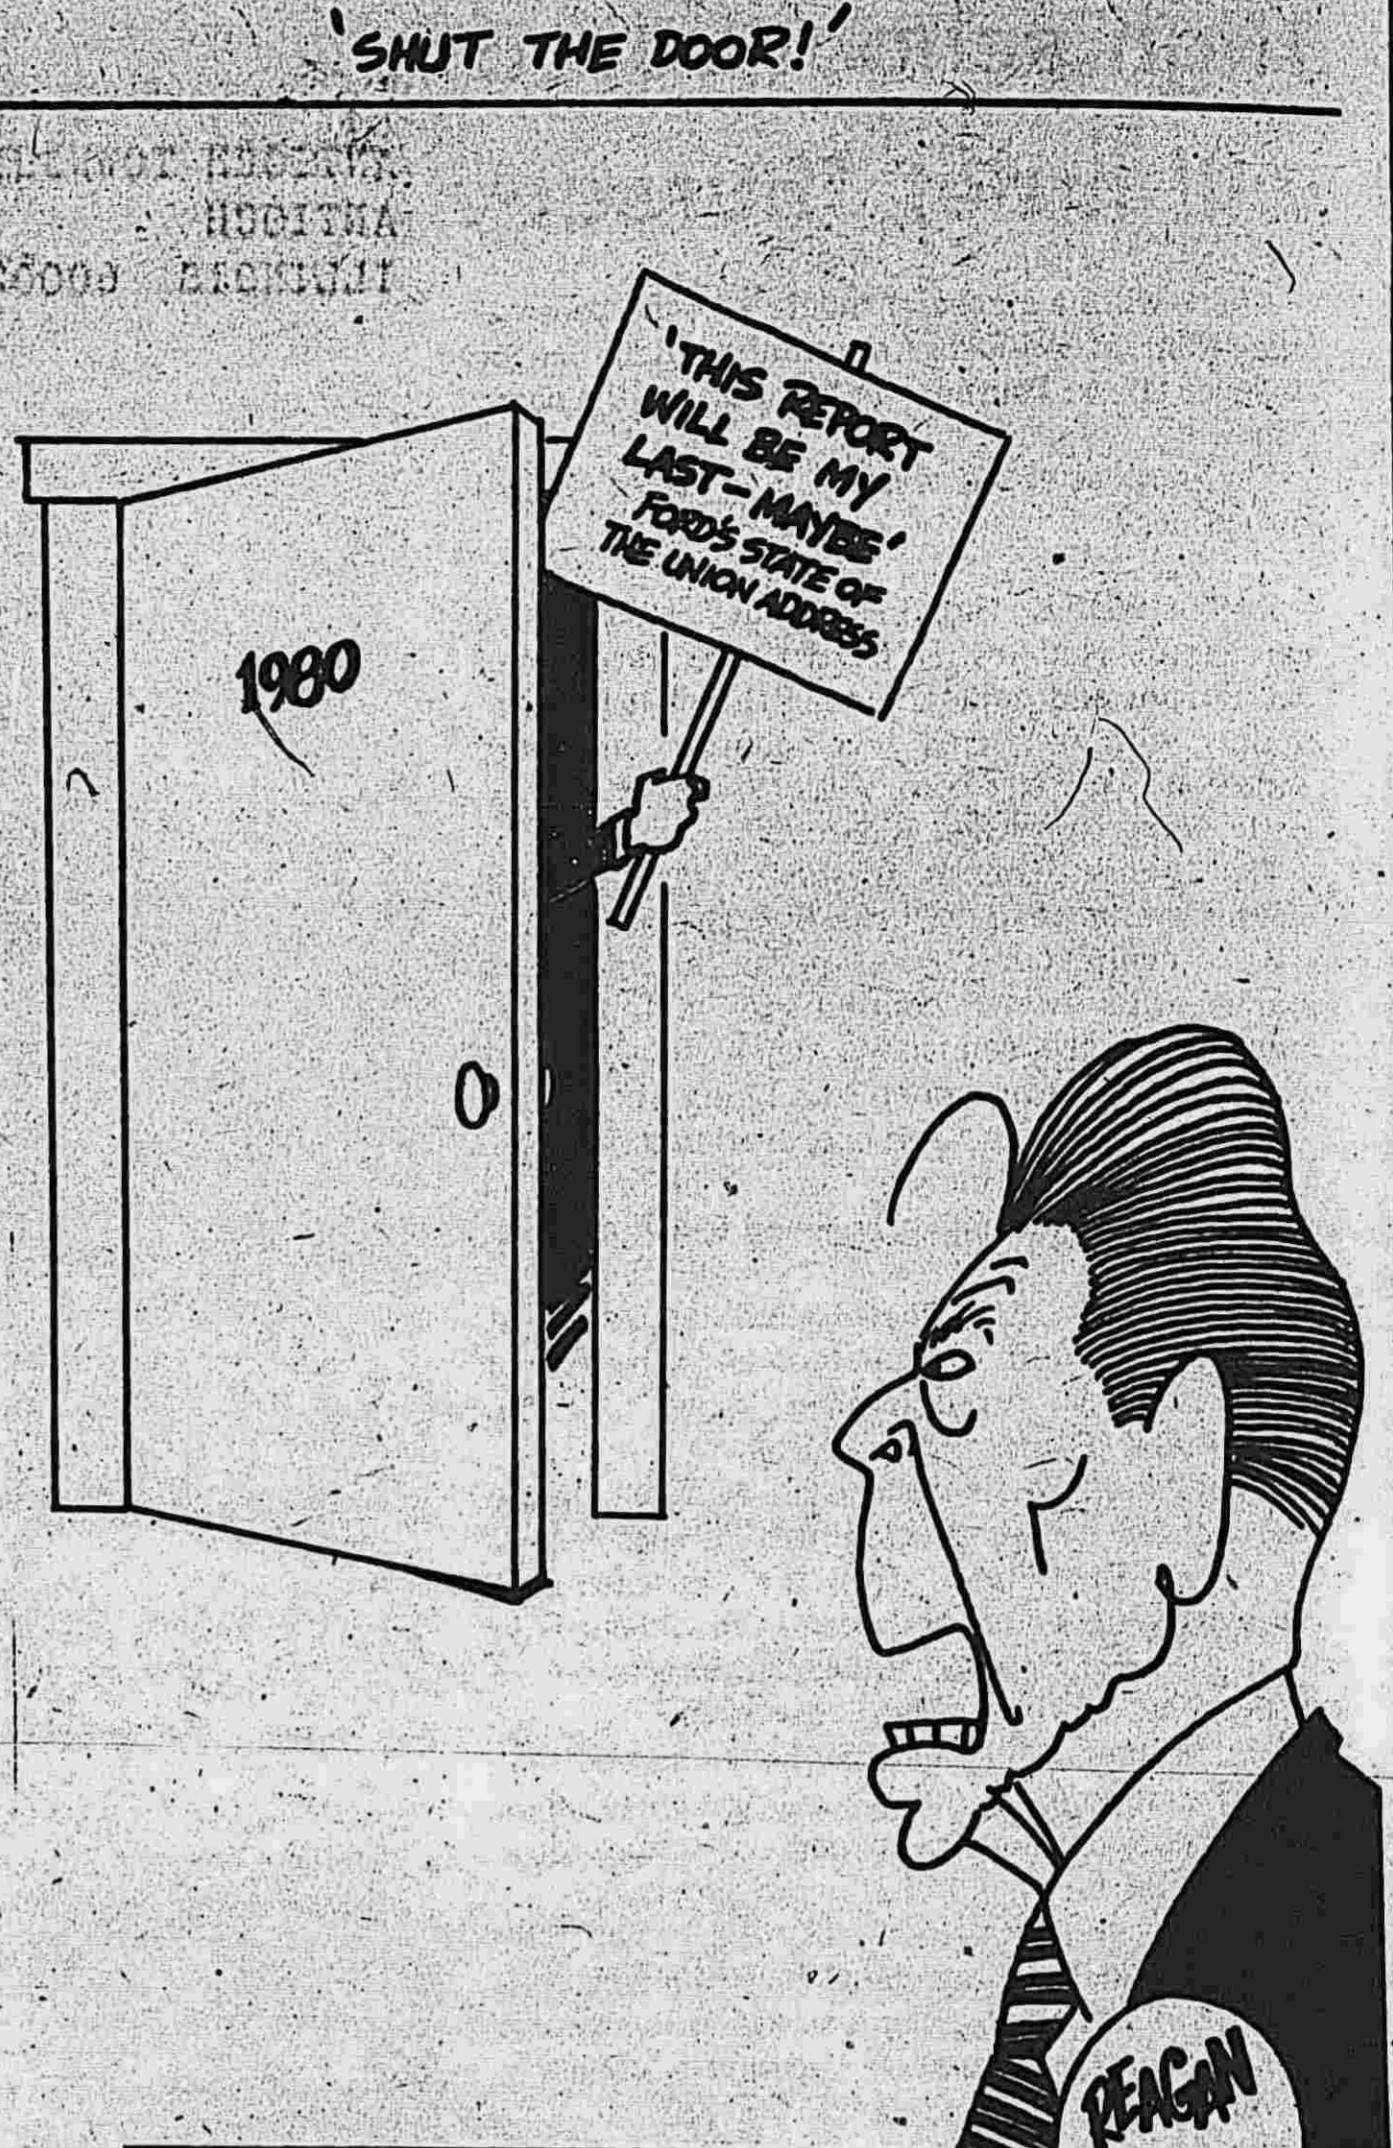

In fact, don't bet on it, for about the time the letter was going out there was a story making the rounds in New York to the effect that Perry Duryea, minority leader of the Assembly, was jumping the traces and taking active soundings about running for governor without first obtaining Rockefeller's blessing. It is said that Richard Rosenbaum, GOP state chairman and Rockefeller's chief operative among New York Republicans, made it clear that Duryea's heresy could cost him valuable support.

Though the presidency eluded him every time he reached for it, Nelson Rockefeller has been near the center of power for a long time. Wielding power seems to be something he just accepts as the natural state of things, much like getting dressed in the morning.

ROCKEFELLER'S CAREER Began back in Franklin Roosevelt's administration, and it's not likely to end with the passing of Gerald Ford's into the history books.

Conspiracy theorists are fond of thinking that Rockefeller, his family and its institutions are bent on taking over the world. What's more to the point, though, is the fact that a good many influential scholars and administrators owe their patronage to Rockefeller resources. And they are turning out to be as much a part of a Carter "Establishment" as they were of previous administrations, both Republican and Democrat.

To interview, or not to interview

By JERRY PFARR

One of the advantages of the newspaper business is getting to meet so many famous people.

For example, Ludwig Beethoven stopped in the other day with an armful of clothes. He thought we were the cleaners.

"They moved next door," we told him. He threw one of his tantrums and marched out yelling:

"I won't be Bach!"

THEN, YESTERDAY, this guy walks in with the tights and the collar that looks like a pizza pie.

"I get it," I said. "You're on your way to a costume party. Let's see, William Shakespeare or Joe Namath?"

"These are not pantyhose, you knave, I am the poet and assumed

you'd like to interview me."

"I hope you won't be offended, but we thought you were dead."

"True is it that we have seen better days," he replied. Then, turning aside, we heard him say: "Lord, what fools these mortals be! Methought I heard a voice cry, 'Sleep no more!'"

"Well, let's get on with the interview, Bill. I guess the big news around here has been the cold weather. How have you liked it?"

"That was the most unkindest cut of all... blow, winds, and crack your cheeks!"

"And the price of coffee ... what thinkest thou of that? Gosh, now I'm

Increase in CLC enrollment

The number of students at the College of Lake County during the current spring semester has increased by three percent over last spring's enrollment, according to a report issued by Curtis Denny, director of admission and records. The current enrollment of 4,418 exceeds last spring's enrollment by 249 students.

THE TOTAL number of students shows a decline from the fall semester, which is typical for colleges, but a trend which is a reverse of that for the previous two academic years at CLC. Before 1974, the College had experienced decreases in enrollment between fall and spring semesters in four out of five years.

While the number of students increased slightly over last spring, those enrolled are taking fewer credit hours, said Denny.

A significant portion of the increase in headcount (number of students) is in the continuing education and community services programs which are non-credit. Nearly 800 people are participating in continuing education activities.

THE NUMBER enrolled in career programs has remained fairly constant at 49 percent, or 4,615 students. Approximately 36 percent of the students are in courses which are designed to transfer to other colleges and universities.

The breakdown of students by their hometowns includes: Antioch, 332; Lake Villa, 373; and Lindenhurst, 207.

Though the presidency eluded him every time he reached for it, Nelson Rockefeller has been near the center of power for a long time. Wielding power seems to be something he just accepts as the natural state of things, much like getting dressed in the morning.

ROCKEFELLER'S CAREER Began back in Franklin Roosevelt's administration, and it's not likely to end with the passing of Gerald Ford's into the history books.

Conspiracy theorists are fond of thinking that Rockefeller, his family and its institutions are bent on taking over the world. What's more to the point, though, is the fact that a good many influential scholars and administrators owe their patronage to Rockefeller resources. And they are turning out to be as much a part of a Carter "Establishment" as they were of previous administrations, both Republican and Democrat.

To interview, or not to interview

By JERRY PFARR

One of the advantages of the newspaper business is getting to meet so many famous people.

For example, Ludwig Beethoven stopped in the other day with an armful of clothes. He thought we were the cleaners.

"They moved next door," we told him. He threw one of his tantrums and marched out yelling:

"I won't be Bach!"

THEN, YESTERDAY, this guy walks in with the tights and the collar that looks like a pizza pie.

"I get it," I said. "You're on your way to a costume party. Let's see, William Shakespeare or Joe Namath?"

"These are not pantyhose, you know, I am the poet and assumed

you'd like to interview me."

"I hope you won't be offended, but we thought you were dead."

"True is it that we have seen better days," he replied. Then, turning aside, we heard him say: "Lord, what fools these mortals be! Methought I heard a voice cry, 'Sleep no more!'"

"Well, let's get on with the interview, Bill. I guess the big news around here has been the cold weather. How have you liked it?"

"That was the most unkindest cut of all...blow, winds, and crack your cheeks!"

"And the price of coffee ... what thinkest thou of that? Gosh, now I'm

Hot food and refreshments will be available at the headquarters on the ice and ample free parking can be utilized at many locations adjacent to the lake, including Mark's Place, Steve's Channel Inn and Bob's Marina.

Final drawing for the major prizes will be made at 4 p.m. on Sunday, although winners need not be present to receive their awards.

Increase in CLC enrollment

The number of students at the College of Lake County during the current spring semester has increased by three percent over last spring's enrollment, according to a report issued by Curtis Denny, director of admission and records. The current enrollment of 4,418 exceeds last spring's enrollment by 249 students.

THE TOTAL number of students shows a decline from the fall semester, which is typical for colleges, but a trend which is a reverse of that for the previous two academic years at CLC. Before 1974, the College had experienced decreases in enrollment between fall and spring semesters in four out of five years.

While the number of students increased slightly over last spring, those enrolled are taking fewer credit hours, said Denny.

A significant portion of the increase in headcount (number of students) is in the continuing education and community services programs which are non-credit. Nearly 800 people are participating in continuing education activities.

THE NUMBER enrolled in career programs has remained fairly constant at 49 percent, or 4,615 students. Approximately 36 percent of the students are in courses which are designed to transfer to other colleges and universities.

The breakdown of students by their hometowns includes: Antioch, 332; Lake Villa, 373; and Lindenhurst, 207.

The Silver Derby of Lake Geneva furnished the music.

NOTICE

JUNE STAFFON is coming back to Antioch and will be working at Mr. Arnold's Coiffures as of Feb. 1st.

Sign ordinance talks to resume

The Antioch village board will meet at 5:30 p.m. tonight (Wednesday) to officially submit sign ordinance changes to the zoning board of appeals.

The zoning board must conduct a public hearing on amendments finalized at last Wednesday's meeting of the special sign committee, composed of members of the village board, zoning board and plan commission.

FIVE CHANGES are proposed, prominent of which is the frontage required for a free-standing sign. The present ordinance requires 300 feet; the amendment calls for 150 feet.

Other changes are: re-definition of sign area, simplification of permit fee to \$25 per sign, deletion of brand name restriction and prohibition of roof signs that are also part of flat fascia signs.

Village officials hope to finalize amendments before a final vote is required Mar. 7 on the McDonald's restaurant petition for a variance to the present ordinance. Owners of McDonald's want a 24-foot free-standing sign on their Orchard St. lot, which has 189 feet of frontage.

NEW PARK equipment was authorized at Monday's village board meeting. Among the items, which will be used in the village swimming pool area, are tables, chairs, picnic tables, benches, diving boards and portable bleachers. In addition, swings and new tennis nets will be purchased.

The deadline for village vehicle stickers was extended to Tuesday, Mar. 1, to match the new deadline for license plates.

Antioch folks received a rare and wonderful treat Monday morning: the assurance that it is possible to reach WGN-Radio's Wally Phillips by phone.

We at the Antioch News salute police dispatcher Garnet Cook. She must have a hot line — she's been on the program before.

Incidentally, she made some important observations about children and emergency calls, urging parents to instruct their youngsters to give proper directions to their home. This is especially crucial in rural/route areas.

MATTHEW JAMES Mortensen made his debut at St. Therese's Hospital Feb. 1. Proud mom Lark and dad Kevin live on Park Ave. in Antioch.

Also a first is the son born Jan. 23 to Dale and Janice Sisson in Kankakee. Charles Emerson is his name, say grandparents Vic and Margaret Sisson of Antioch. They braved the cold and treacherous roads to go downstate to help and visit with their 14th grandchild!

WE WISH Four Squires' Jack Siegmeier a speedy recovery. He's in traction in St. Joseph's Hospital, Elgin, for a slipped disc.

Hear tell Sue Koppa is now at home recuperating from an auto accident last week. Get well soon, kiddo!

DON'T FORGET to stop by the Piggy Bank Discount Store this Friday and wish Tina Zickus a happy birthday.

Ruth Bobzien and Bob Lipinski will be celebrating their birthdays on the 13th. Best

wishes!

Next Tuesday's birthday time for Marge Gaa and Bob Wilton, Sr.

And speaking of the Wiltons, Antioch's mayor, Bob, Jr., has every reason to celebrate Feb. 12!

HAPPY TO HEAR that Elizabeth Walsh is home from the hospital, where she was treated for back trouble.

We assume that Elizabeth, who will be 88 this year, will soon be back to work as a waitress at Antioch Restaurant.

She is the mother of J. Irving Walsh, one of Antioch's village trustees and a candidate for mayor in the Apr. 19 election.

GUESS WHERE THE Chicago Cubs went Saturday night after playing basketball at Antioch High School.

To the World Famous Village Pub, of course. They were the guests of Bill Georges, enjoying that world famous pizza and other refreshments.

The Cubs came here in a mobile home van, then drove over to the Pub where they mingled with customers, signed autographs and had a good time, Antioch-style.

ANTIOCH'S POM-PON GIRLS have added style and grace to high school basketball games. Their performances and dancing enhance the halftime enjoyment. Shown above is Andrea Kleban.

Some commuter trains delayed

For approximately one week beginning today, track maintenance crews will be at work near Grayslake and

Round Lake on the Milwaukee Road's commuter North Line, correcting the effects of prolonged cold weather.

For the duration of the work, commuters should expect that inbound trains will be delayed up to 10 minutes in passing through the area of the work and will operate approximately 10 minutes late to Chicago.

Outbound trains, which will depart from Chicago as scheduled, will experience delays of up to 10 minutes in arriving at stations from Grayslake north.

Pap Clinic Feb. 26

Is it time you had another pap test? The American Cancer Society, Lake County Unit, is sponsoring a free pap, breast and colon clinic Saturday, Feb. 26.

THE CLINIC will run from 9 a.m. to 4 p.m. at the Antioch Clinic, 707 Main St.

Each examination will include a pap test and a breast examination. Hemoccult slides, used in the detection of cancer of the colon, will

also be available to men and women.

Treasury Secretary Blumenthal and Secretary of State Vance, were members of the executive committee and the board of the Rockefeller Foundation. Jane Pfeiffer, the former IBM executive to whom the job of Secretary of Commerce was first offered by Carter, is on the same board.

BLUMENTHAL AND VANCE have also been members of the Trilateral Commission, organized by David Rockefeller in 1973. Carter, during his campaign, drew much of his foreign policy advice from Trilateralites and two more of them ended up in his Cabinet: Zbigniew Brzezinski as top security advisor, and Harold Brown as Secretary of Defense.

A couple of enterprising University of California professors testified before the Senate committee that considered Rockefeller's vice presidential nomination that the Rockefeller family was "actively involved" in seven companies in which it held large amounts of stock.

Among them were Blumenthal's Bendix Corp., IBM (Vance, Blumenthal and HUD Secretary Patricia Harris have been directors) and brother David's Chase Manhattan Bank (Mrs. Harris was a director).

MORE WINE!

NEW YORK, N.Y. (ED) - Do you know which country is the world's greatest wine producer? Wrong. It's Italy, where 95 separate provinces in 20 wine-producing regions offer such a great variety and quantity of table wines that the United States presently imports more wine from Italy than from any other country. Some of Italy's finest wines, quite as distinguished as their French counterparts, are produced in such small quantities they are often snapped up by sophisticates in cities like Rome, Milan and Florence with little left over for export. But don't despair. If you've never enjoyed a Barolo or a Gattinara, stores here are beginning to stock up on Italy's big red wines and better vintages so you needn't depend simply on Chianti. Look for the letters D.O.C. and the words *Denominazione di Origine Controllata* on the bottle label. It is the Italian Government's guarantee that the wine is controlled in origin and quality.

Grade school band parents host party

By BONNIE BORLA

On Jan. 26, the Antioch Grade School Band Parents Association held a pizza party for the runners-up in the candy drive contest. The night included games from Teen Canteen, pizza and pop.

Band directors Sharon Higus and Larry Wagner also tested their skills at table tennis, Foosball, pool and air hockey. Band parents officers and candy drive committee helped serve refreshments.

AT THE Feb. 2 monthly meeting, band parents agreed to give a small donation to the Teen Canteen for the use of their games for the pizza party.

A scholarship award committee was appointed. The Chester Golonka Memorial Scholarship Fund is awarded to an Antioch Community High School senior who wishes to further his education in music.

Most of the band students started out in the lower grades and carried their musical abilities on to the high school. This is one way the band parents can help a band student reach his or her dream to carry on with music.

THE BAND parents agreed to help Mr. Wagner purchase 16 flags for a color guard. He feels this will add color and splendor to the band, adding he hoped to expand the experience of the marching band by being in more parades in the future.

Jazz Band members are buying hats and want to purchase all of them at once. The band parents loaned them the money so this could be possible. Each student will purchase the hat for a small fee and keep it when he graduates.

IN 1978 it will be time for the band parents to sponsor a trip for the band students. The association tries to sponsor a trip for band students every three years. A ways and means committee was formed to get plans going.

It takes a great deal of time and effort of all band parents to sponsor these trips. The only way the band program can give your child a well-rounded program is with the help of the band parents organization.

Please attend a meeting and see what band parents is all about! We need your help!

the SOVEREIGN STATE of AFFAIRS

The Town Crier

Duke's a kook,
A pox on Knox

He didn't realize what he was doing but Oscar Fraley, the sports columnist, introduced a whole new concept of cheering at football games.

Fearless Fraley, writing from New York Friday, was scolding cadets at West Point for their conduct at a game between Army and Virginia Polytechnic Institute (VPI) to you gamblers.)

"To hell with Tech, to hell with Tech," chanted tomorrow's military leaders and possible candidates for the White House.

"Considering that there were a number of youngsters present," Fraley observed, "the cadets should have realized that 'heck' rhymes much better with Tech."

FRALEY HAS something there. Unless basketball enthusiasts want to sink to the level of baseball fans they should keep their heckling on a dignified, sophisticated level and, for the best effect, make it rhyme.

Can't you just hear the crowds shaking the fieldhouses with such jeers as:

"Fie on you, old Purdue!"

"We hope a pox descends on Knox!"

"Annihilate Ohio State!"

"Quake, Drake!"

"Don't get lippy, Mississippi!"

And ... "Let's put the whammy on U. of Miami."

OUT EAST, the fans could be chanting:

"Another loss, Holy Cross?"

"You're a square, Delaware."

"Blow a fuse, Syracuse."

And ... "Run out the clock on Slippery Rock!"

In the Southwest it could be:

"Our hex is on Texas."

"You're no gem, Texas A&M."

And ... "You're a fail-ure, Baylor." (Poetic license.)

BUT THE ONE that stumps us is:

"To heck with Cornell!"

How can we make it rhyme without corrupting the children in the stands?

Heaven is a little girl

Yes, ours is the bliss of our angel's kiss

Rules can be obtained from Ann Gialds, 11 First Ave., Antioch. Her phone number is 395-0658. Copies of the rules are being distributed to various schools in the area.

Antioch High School was the place to be!

THIS LITTLE GAL proved it's worth coming early to sit in the first row -- she got to shake hands with "Champ" Summers.

HI, JOSE! -- Antioch faculty greet Cub outfielder Jose Cardenal before the game (from left): Mark Guthrie, Ron Halpern, Steve Miklautsch and Steve Scott.

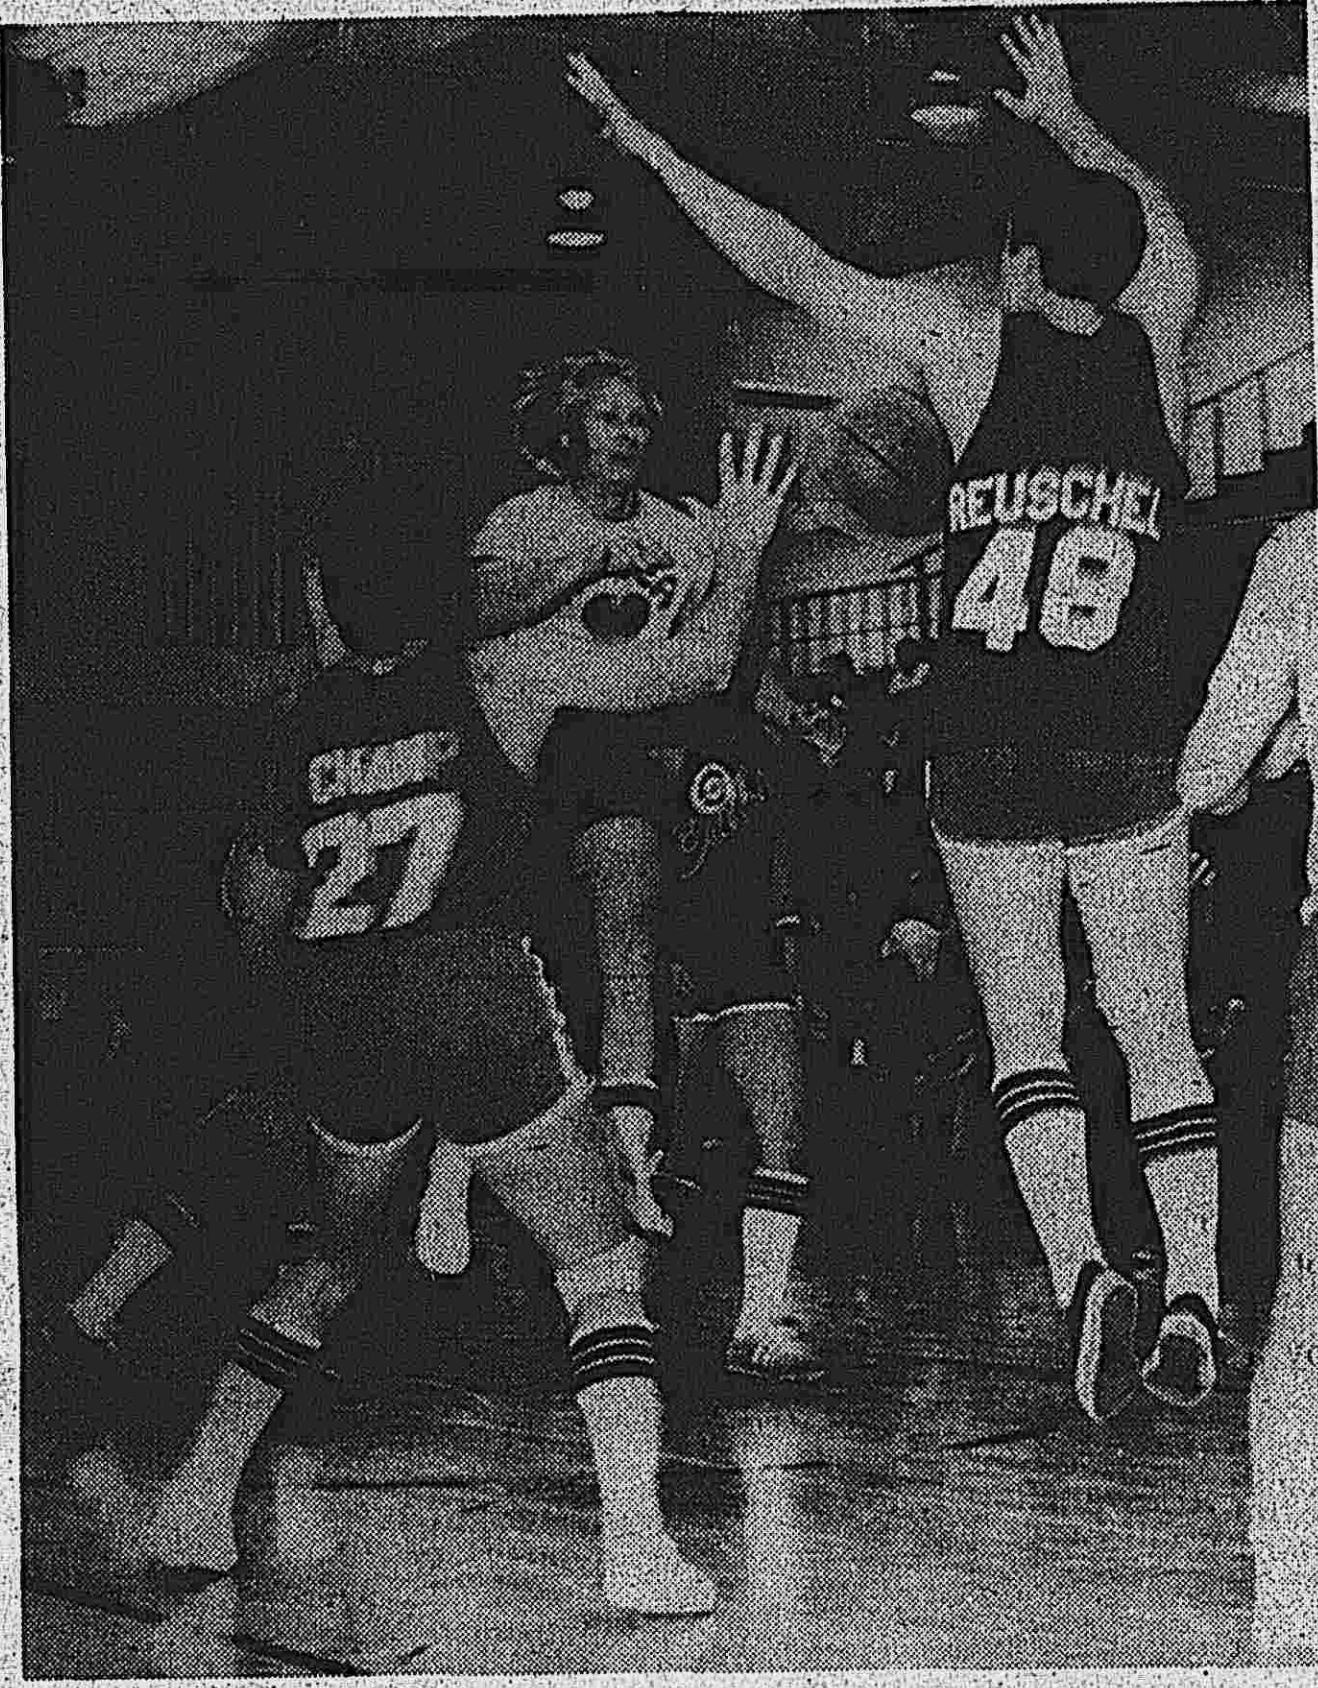

HALFTIME ENTERTAINMENT was provided by Antioch faculty pom-pom squad, from left: Loreen Singer, Trudy Kristopeit, Jane Craner and Sue Gerasch.

Fast-paced action and lots of laughs were the features of the evening last Saturday as the Antioch Jaycees sponsored a benefit basketball game between the Pros (composed of Chicago Cubs baseball players) and the Antioch Community High School Education Association (ACHSEA).

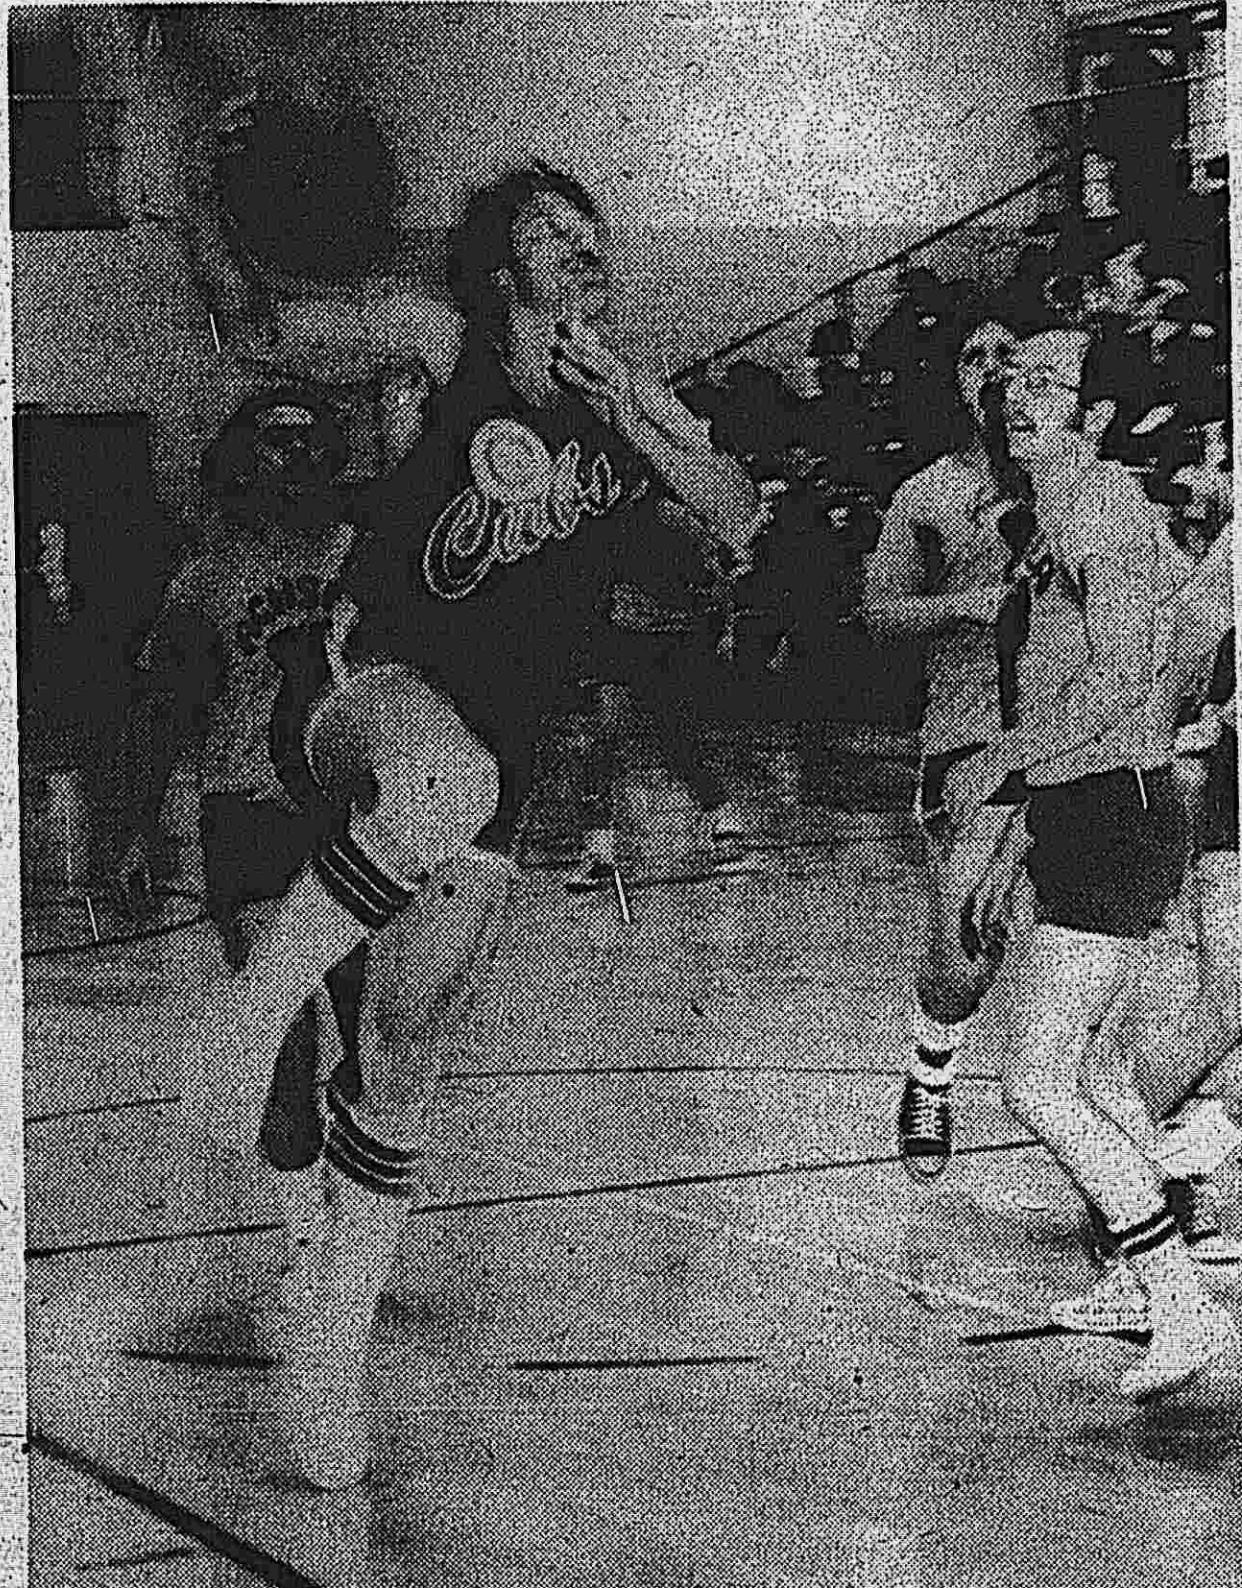

John "Champ" Summers and Ray Burris were high scorers for the Cubs in their 72-56 victory. Faculty members Ron Halpern, Mark Guthrie and Steve Miklautsch led the attack for the local team.

Approximately 1,400 fans came to the Sequoit gym for the event, treated to the athletics and antics of Pros Jose Cardenal, Rick Reuschel, Steve Swisher, "Tarzan" Joe Wallis, Ron Kunde (batting practice-pitcher) and Brian French (billed as "number one fan and friend of the Chicago Cubs").

Proceeds will benefit a variety of Jaycee community service programs, including the high school PTA scholarship fund through the ACHSEA, the high school and upper grade school student councils, and the Sequoit "A" Club.

GERRY SANDBERG of the ACHSEA ran into two roadblocks in the persons of "Champ" Summers and Rick Reuschel.

GOING UP? -- Driving in for two points for the Pros was high scorer "Champ" Summers. Looking on in dismay were (from left): Mark Guthrie, Steve Scott and Roger Alm of Antioch.

Wrestlers 2nd in conference

Gossman, Gibson and Gorski win titles

"They wrestled an outstanding tournament," said Coach DeRousse, but Antioch High's Sequoits had to settle for second place in their conference wrestling meet at Grayslake last Saturday.

Grant's Bulldogs triumphed with 160 points while Antioch wound up with 138½. They were followed by Round Lake, Grayslake, Warren and Woodstock, in that order.

THREE ANTIOCH WRESTLERS won individual championships: Bob Gossman at 105 pounds, Marvin Gibson at 119 and Rich Gorski at 185.

Second place finishers for Antioch were Jon Gibson at 98 pounds, John Kakacek at 132 and Keith Kaht at 138.

Now the Sequoits turn their attention to the district tournament, scheduled Friday and Saturday at Woodstock.

Besides Antioch and Woodstock, the field will include Grant, Round Lake, Wauconda, Cary-Grove, McHenry and Crystal Lake. First and second place finishers in each weight class will advance to sectional competition at Barrington the following week. After that comes the state championships on Feb. 25-26.

DeROUSSE AND HIS athletes naturally are keyed up for this weekend's district meet at Woodstock.

"This year's team has kept up the tradition of Sequoit wrestling," DeRousse said. "Antioch has won the district the last two years and we'll be wrestling hard to make it three in a row."

Of course, Grant's strong team looms as the major rival. The Bulldogs have an overall record of 20-0.

The conference championship was determined by a combination of dual-meet points and last Saturday's tournament points. Going into the tourney, Grant had an 11-0 record, Grayslake 10-1 and Antioch 9-2. Antioch's losses were to Grant and Grayslake.

THE TOURNAMENT QUICKLY turned into a two-team battle between Grant and Antioch. Six Antioch wrestlers reached the finals while five from Grant made it that far.

Gossman beat Grant's Tom Scott 2-0 at 105 pounds. Gibson then won at 119 for Antioch.

Antioch's frosh cagers rout Cary-Grove 67-46

Antioch's freshman basketball team split its two games last week, losing to Lake Zurich 45-44 and crushing Cary-Grove 67-46. The team record is now 8-7 overall and 6-4 in conference play.

At Lake Zurich the frosh had difficulty getting started and trailed the entire game. Frequent turnovers hurt the Sequoits who took only 34 shots.

Lake Zurich also was able to convert several rebounds into baskets because Antioch did not rebound well. Denis Flaschner led Antioch in scoring with 12 points and also in rebounds with 10. Chris Kempinski came off the bench to score nine points.

AGAINST CARY-GROVE the home team again started slowly, leading only 11-8 after one period. But in the middle two quarters Antioch's fast break went into high gear and resulted in 41 points. Kurt Selak scored 15 of his game-high 17 points in these two periods.

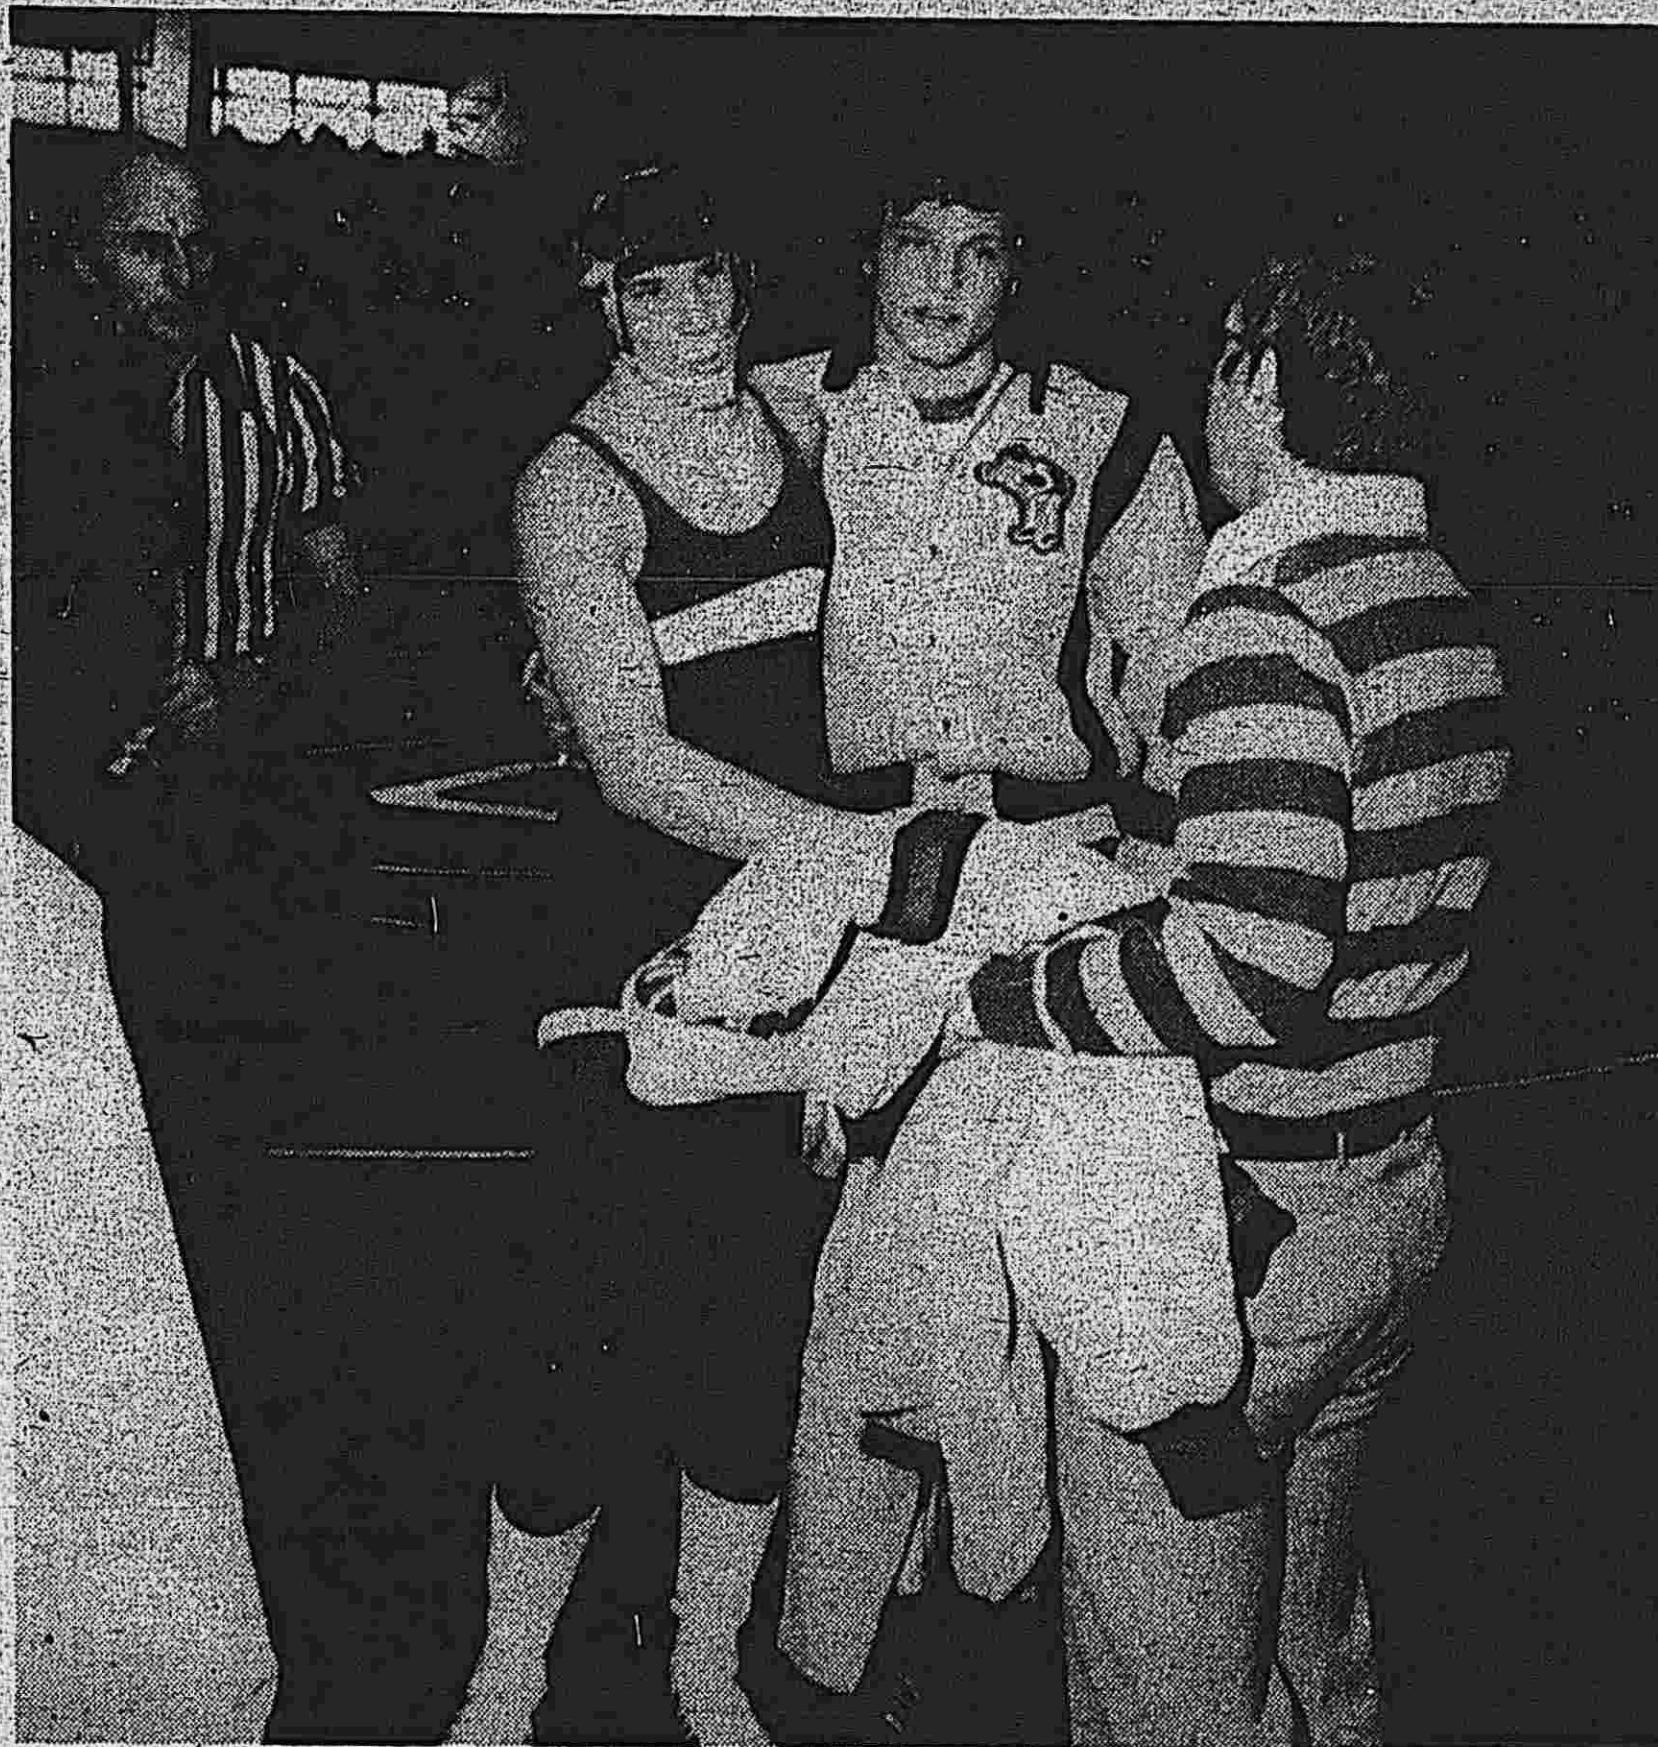

Todd Coulter added 10 of his 12 at the same time. Flaschner popped in 11 points and Mike Anderson chipped in with 10 in the balanced scoring.

Flaschner again led in rebounds with eight. Anderson was credited with eight assists and nine recoveries.

THE ANTIOCH "B" TEAM defeated both Lake Zurich and Cary-Grove. The Lake Zurich Bears fell 43-28 as Ron Nauman scored 8, Tim Plett 7 and Jim Wilson and Mike O'Brien each 6.

The Cary-Grove Trojans were victims by a 59-40 score. Nauman led scoring again with 14 points. Jim Sertic added 10, Wilson 8 and Plett 7 as 10 different players scored.

Antioch's "B" team record is now 11-3.

JOHN KAKACEK, white stripe across his red jersey, is congratulated after winning one of his matches in the conference wrestling championships. Kakacek wound up second at 132 pounds. In the center is teammate Rich Gorski, who won the title at 185 pounds, and at right is Coach Ted DeRousse.

wrestler at 126 pounds, then Jeremy Hecht of Woodstock decisioned Antioch's Kakacek 2-0 at 132 pounds. Kakacek had entered the match with a 16-3-1 record and may get another shot at Hecht in the district meet.

Grant wrapped up the conference title when it got victories in the finals from Jeff Jenkins, over Antioch's Kaht, at 138 pounds, and from Bob McGuinn at 145 and Mark Meisgeier in the heavyweight class. Also, six Grant wrestlers won third-place points. Grant's depth made the difference.

Gorski of Antioch beat Don Rathunde of Grayslake 5-2 in the 185-pound title match. Gorski now has a 23-6 record for the season.

As for Antioch's other champs, Marvin Gibson had a 12-0-1 record in conference bouts and Gossman finished conference action with a 12-1 record.

IN THE CONFERENCE finals, Gossman, a senior, "was especially courageous," DeRousse said. He scored a 2-1 overtime win in the semifinals.

Antioch's Marvin Gibson completely dominated Warren's Dave Malizia at 119 pounds, winning 4-0 and almost pinning Malizia. Two weeks earlier the two wrestlers had met and tied.

Gorski had been wrestling at 167 pounds but moved up to 185 and scored a 5-2 upset win over the favorite in that class, Don Rathunde of Grayslake.

All three of Antioch's runnersup, Jon Gibson, Kakacek and Kaht, lost close decisions in the finals. "They were almost champions," DeRousse said.

WINNING THIRD PLACE points for Antioch were Jeff Gross, 112 pounds; Randy Larsen, 126, and Rich Packert, heavyweight. Gene Lehn was fourth at 145 pounds.

On Tuesday, Feb. 1, Antioch scored a 41-13 dual meet victory over Wauconda. Results of that match follow:

Warren is Friday's tough foe

Sequoits aim for 2 weekend victories

Since this is the year for teeth (Jimmy Carter, Donny and Marie Osmond, Farah Fawcett), Antioch High's basketball players will get two chances this weekend to make themselves and their fans smile again.

All they have to do is beat Warren here Friday night, then win at Round Lake Saturday night.

The varsity games start at 8 o'clock, following sophomore contests.

ANTIOCH'S SEQUOITS FEEL badly about last week's developments. They had a 4-4 record in the conference and a chance to win three games and boost their record to 7-4.

They began on Tuesday, Feb. 1, with a 60-55 overtime victory against Wauconda, but then shot poorly on Friday night and were beaten 65-54 by Cary-Grove.

They traveled to Lake Zurich Saturday and were favored to win, but Lake Zurich emerged with a 46-45 win when Antioch was able to score only 14 points in the second half. The Sequoits had enjoyed a 31-23 lead at the intermission.

BUT THAT'S HISTORY and all eyes are now

turned to Friday night's game here against Warren's Blue Devils.

In the conference opener at Warren on Dec. 3 the Sequoits suffered a 49-40 loss. But this Antioch team is composed mostly of juniors and has come a long way in the last nine weeks. If they play their best brand of basketball, the game against Warren should be close.

Warren's "Blue" Devils are second in the conference's north division with a 7-4 record. Antioch has a 5-6 record.

Warren trounced Wauconda 72-37 last Friday as Dave Kolar scored 25 points.

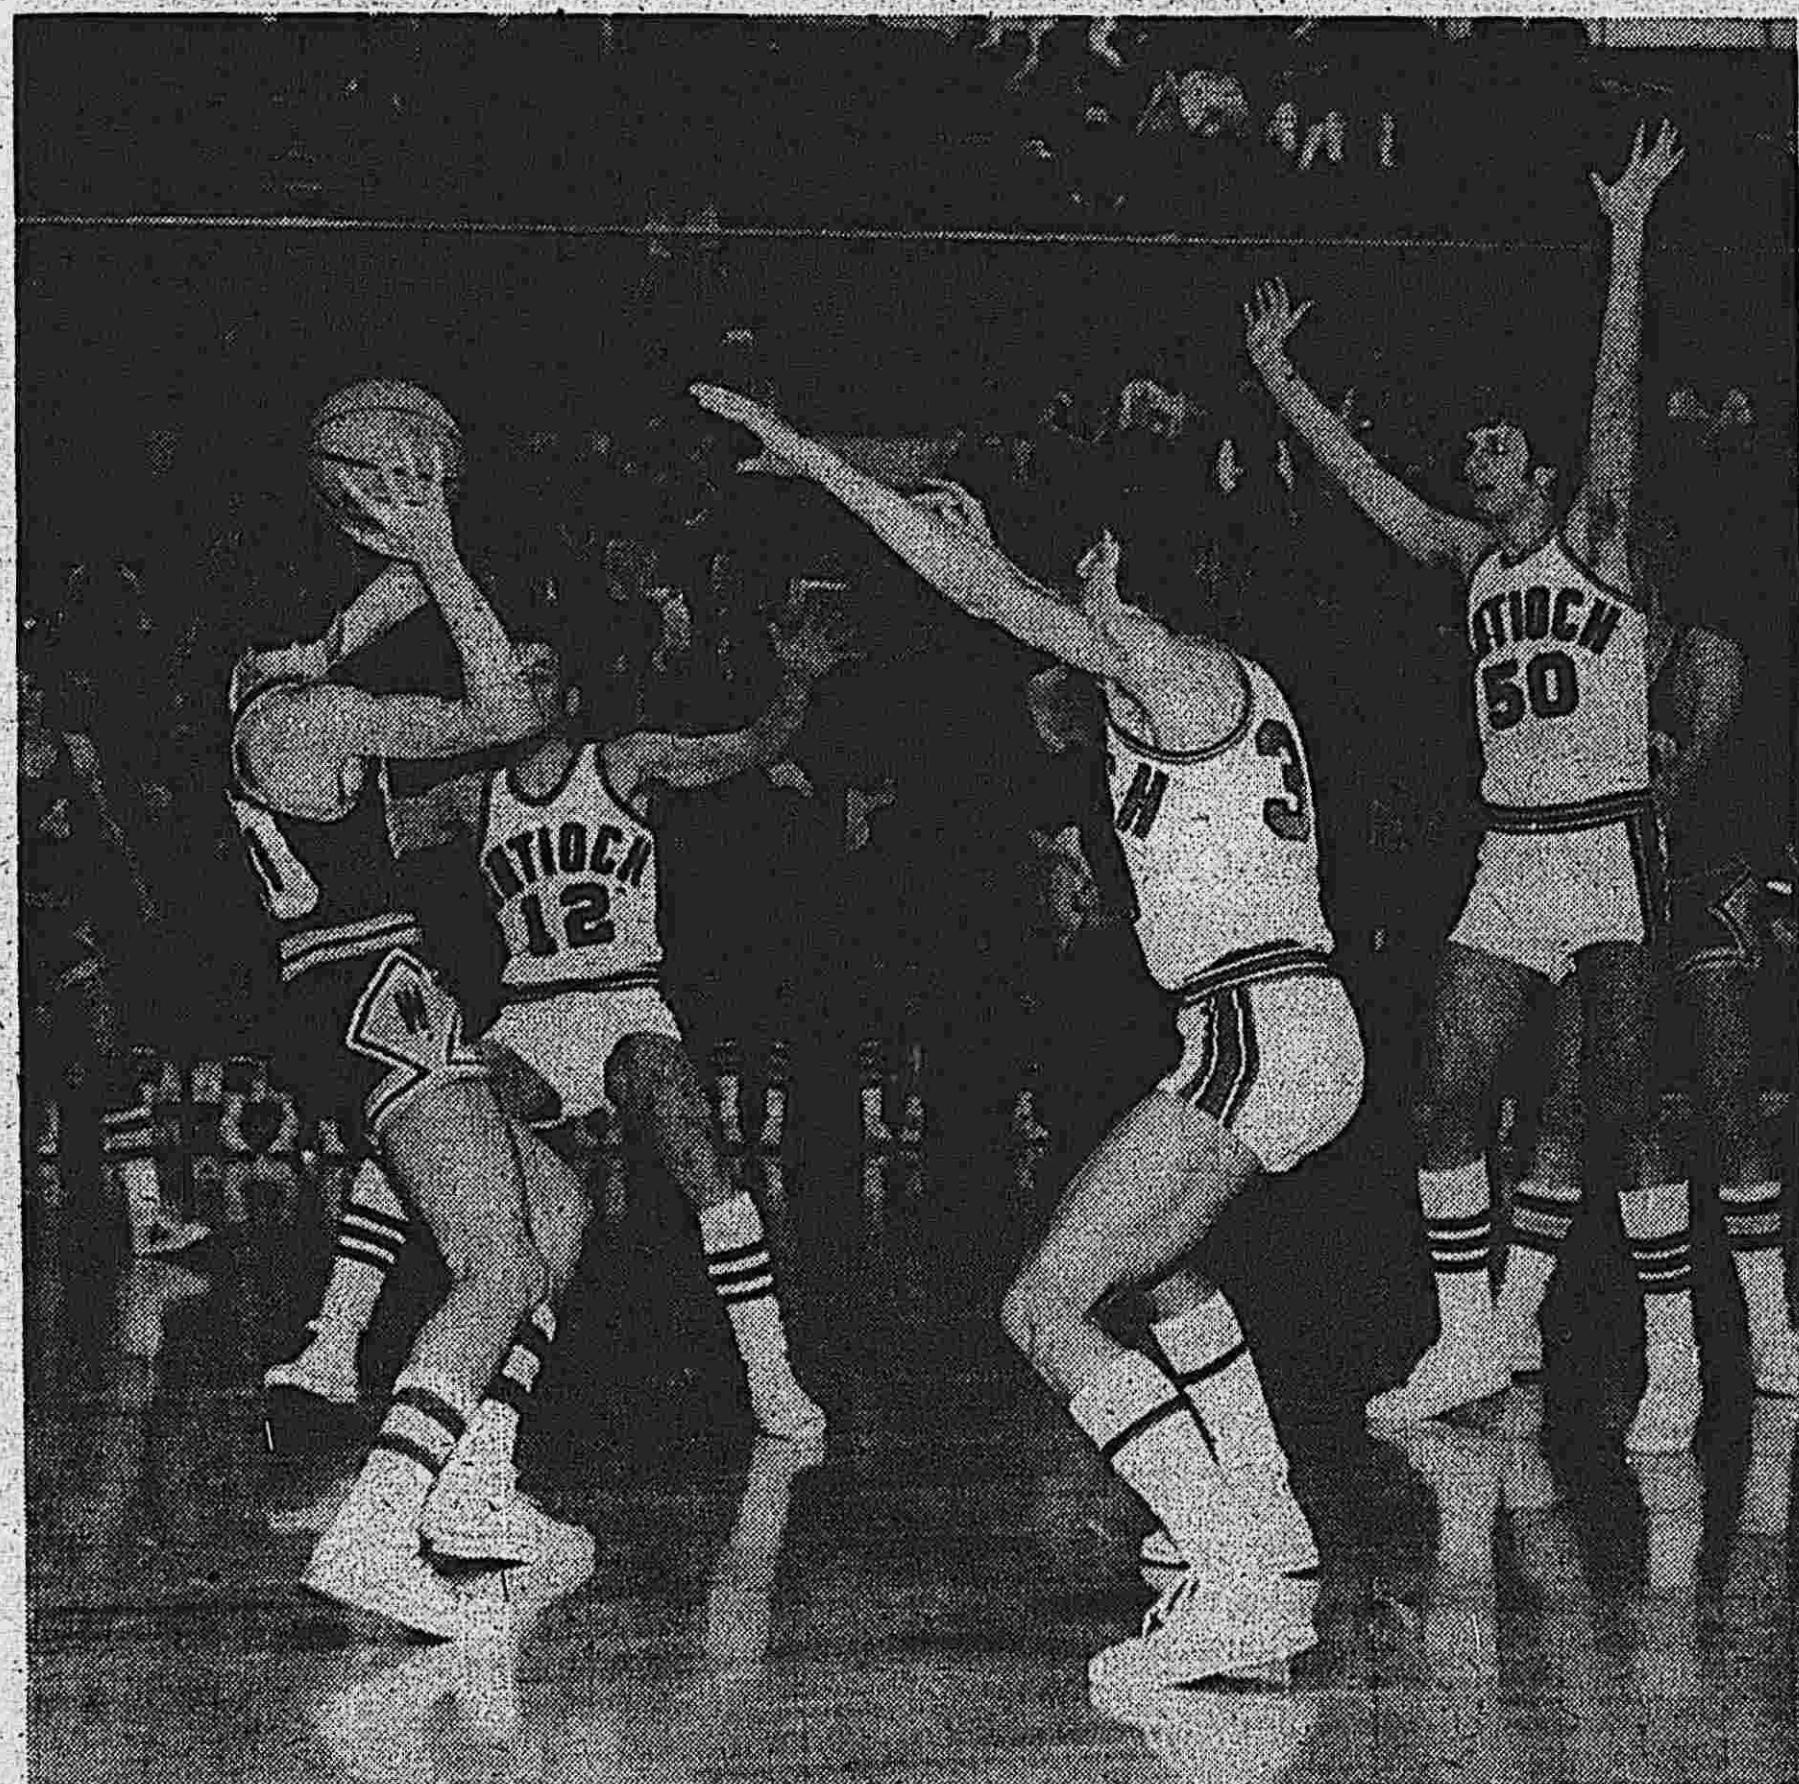

AT ROUND LAKE on Saturday night the Sequoits must cope with another scoring star. The Panthers' 6-foot-5 Lee Neer is averaging 18 points a game. But Neer didn't bother the Sequoits back on Dec. 10 when Antioch trounced Round Lake 74-50.

Round Lake apparently has improved since then. The Panthers lost by only 58-50 to a tough Dundee team last week and now has a 4-6 record in the conference.

Wauconda beaten in overtime

The Tuesday, Feb. 1, game here was close throughout as the Sequoits were forced into many turnovers by the Wauconda press.

Please turn to page 20

SURROUNDED BY SEQUOITS, this Wauconda player was stymied in last week's game here. Antioch players in white are (from left) Pat Houghton (12), Brian Andrews and Tim Huebner (50). When the chips were down, Antioch's hands-up and heads-up defense, along with some fast scoring, gave the Sequoits a five-point overtime victory.

Sequoits hope to redeem themselves

Continued from page 19

Drew Dietz sparked Antioch late in the second quarter and continued to play well throughout the game.

But Wauconda gained a 53-46 lead late in the fourth quarter and Antioch had to rally to tie the score at 55-55 on a basket by Tracy Sodman with nine seconds to play.

Antioch held Wauconda scoreless in the overtime period. Another Sodman basket made it 57-55 and Antioch scored three more points for the 60-55 victory.

Tim Huebner, Brian Andrews and Dietz played fine games.

Huebner led with 18 points, sinking five of eight field goal attempts and eight of 10 foul shots. Andrews scored 14 points, swishing all four of his free throws and leading the team with seven assists.

Cary-Grove outshoots Antioch

"Poor shooting and not enough muscle."

That cost the Sequoits the game against Cary-Grove here last Friday, according to Coach Roger Andrews.

Cary-Grove's Trojans were sharp as they made 53 percent of their field goal attempts compared to a weak 33 percent for Antioch.

The Trojans enjoyed early leads of 16-7 and 32-20 but Antioch got hot and closed the gap to 32-30 at the half. Dietz once again came off the bench to spark the late second-quarter rally.

Antioch stayed close in the third quarter until Cary-Grove jumped to a 49-42 lead which it lengthened as the game went on. Antioch outrebounded its foe, 38 to 34, but the Sequoits' shots simply didn't find the net.

Sodman played a fine game, Coach Andrews said. He scored 13 points while Tim Huebner and

Brian Andrews got 11 each. Sodman made four of his eight field goal attempts and five of six free throws. Huebner pulled down 14 rebounds while Andrews again led in assists with five.

Lake Zurich upsets Sequoits

Antioch was a five-point favorite when it boarded the bus for Lake Zurich last Saturday, but the Bears weren't about to be beaten.

Antioch held the upper hand during the first half, leading 31-23. But the Sequoits went "flat" after the intermission.

"We played our poorest offensive basketball in those 16 minutes," Coach Andrews said. The Sequoits scored only 14 points, making a mere seven of their 21 field goal attempts.

"Lake Zurich out-hustled and out-muscled us to win 46-45," Andrews said. "We were just flat, and when you can't hit you look bad."

Bill Dubek returned to his average, leading Antioch with 14 points, while Sodman scored 11 and Andrews 10. Sodman also collected eight defensive rebounds.

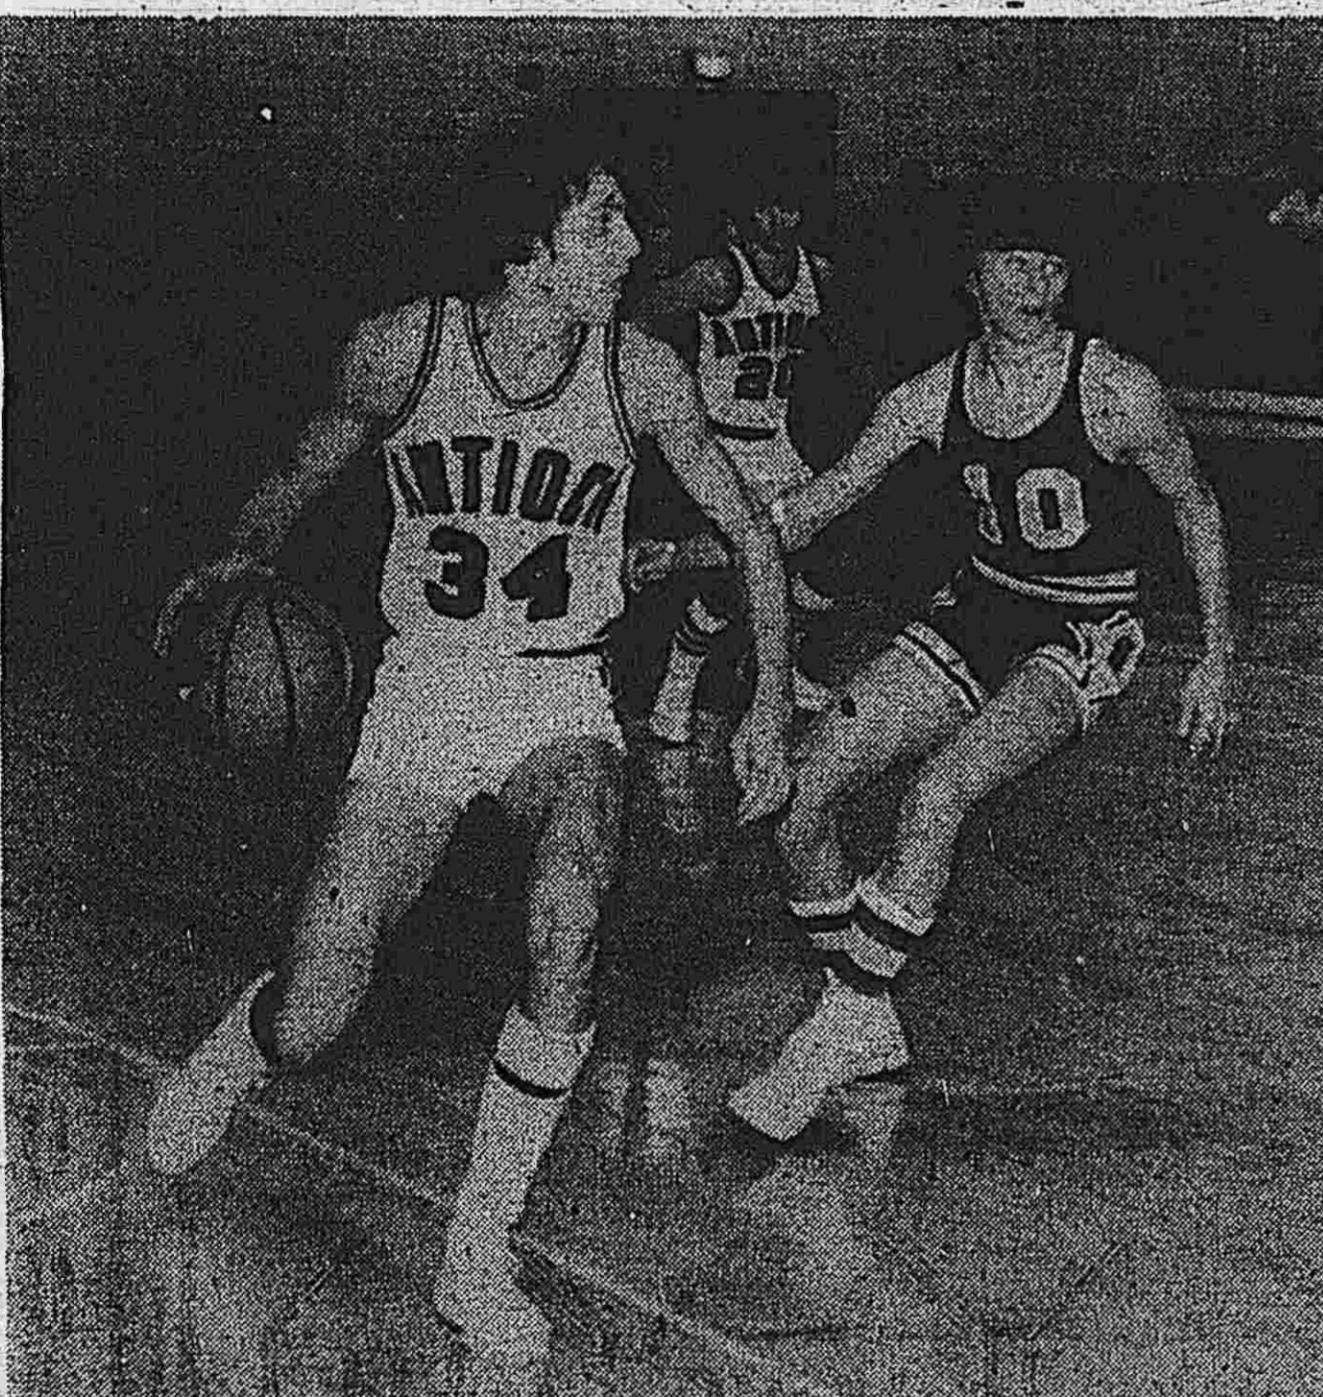

Antioch sophomores are 11-0 in league

The frigid winter weather failed to stop the Antioch sophomore basketball team last week as it racked up three victories in five days.

The sophomores remain alone on top of the conference standings with a perfect 11-0 mark.

Antioch hosted Wauconda on Tuesday night, Feb. 1, and used balanced team scoring to trounce the Bulldogs 68-45. A Wauconda box-and-one-zone effectively limited Antioch scoring leader Mike

BRIAN ANDREWS sets up a play for Antioch in last week's 60-55 overtime win against Wauconda. The junior playmaker has been one of the Sequoits' most consistent all-around performers this season. Number 20 in the background is Dennis Korjeneck.

BATTING FOR A REBOUND is Antioch's Tracy Sodman (32) and two Wauconda players. Sodman has been one of Antioch's best rebounders and all-around players this season. Antioch won 60-55 in overtime with two baskets by Sodman helping to make the difference.

Basketball experts: Kathy Toft and George Braddock, Jr.

A total of \$60 worth of prizes will be mailed out later this week to the winners of the last two Antioch News basketball contests.

Two contests were decided last week because the previous week's games were postponed due to sub-zero weather.

The first contest was to pick the winner of the Antioch-Wauconda game. Three persons hit the score right on the head, picking Antioch by five points.

The tie-breaker had to be used and Kathy Toft won first prize, a \$15 savings account from the State Bank of Antioch. Second prize, a \$10 gift certificate from Rittenhouse & Embree Lumber Co., will go to Ron Vos. Third prize, a \$5 gift certificate from Andre's Steak House in Richmond, goes to Paulette Kreulach of Silver Lake Ave.

THE SECOND CONTEST revolved around

Antioch's game against Cary-Grove last Friday night. Only four of the more than 50 entrants picked Cary-Grove to win, which it did by 11 points.

George E. Braddock Jr. of Lake Villa picked Cary-Grove by 13 points and wins first prize, a \$15 savings account from the Antioch Savings & Loan Association.

Kathy Toft, an expert for the second straight week, won second prize - a \$10 gift certificate from BJ Rush Photo Studio - when she picked Cary-Grove by seven points.

Shirley Gutowski, a frequent winner in these contests, picked Cary-Grove by four points and wins third prize, a \$5 gift certificate from Gibbs & Jenssen's Carousel.

Forecasting a three-point win for Cary-Grove was Jayce Redmer of Burlington, who also has been a winner in previous weeks.

ANOTHER CONTEST APPEARS in today's Antioch News, with another \$30 worth of prizes.

The game of the week is Friday night's clash between Antioch and Warren, at the local gym. Be sure to enter by 5 p.m. Friday.

Lischewski, but the rest of the Sequoits rose to the challenge.

Bill Ranker and Scott Gallagher led the scoring with 13 points each, followed by Dave Gutowski and Roger Korjenek with 10 apiece.

The aggressive Antioch defense forced many Wauconda turnovers and prevented the visitors from ever threatening the Sequoits.

On Friday evening the Antioch sophomores again showed a balanced scoring effort and the result was a 55-41 win over a scrappy Cary-Grove team. Greg Bodin came off the bench to hit 6 of his 8 attempts in leading the Antioch scoring with 12. Mike Lischewski and Bill Ranker each chipped in with 11 points, while Lischewski led the rebounding with 9.

The Antioch squad went to Lake Zurich on Saturday seeking their 15th win of the season. Despite playing their third game in five days, the Sophs made 9 of 12 attempts in the first quarter to take a 20-14 lead and went on to defeat the Bears 55-43.

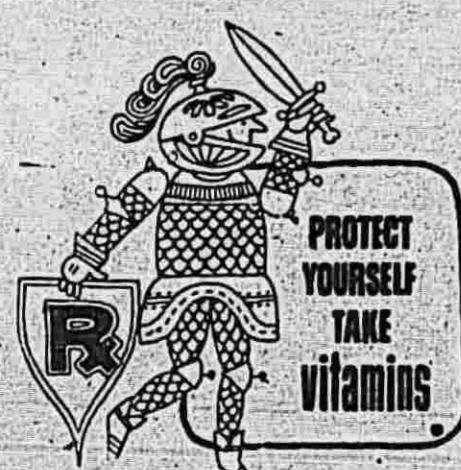

Bill Ranker hit on 7 of 9 shots for a 14-point performance and Mike Lischewski was close behind with 13. Roger Korjenek contributed 8 points while grabbing 9 rebounds to lead the sophs in that department.

COACH DON ZEMAN expressed great satisfaction with the "team" element of last week's play. Four starters scored in double figures on Tuesday. In the weekend efforts, the Sequoits had eight players contribute points on Friday evening, while on Saturday seven sophomores got into the scoring column.

This weekend the Antioch sophomores, now 15-4 overall, host Warren on Friday in a very important contest. It starts at 6:45 p.m.

The Blue Devils undoubtedly remember a 2-point loss to the Sequoits in early season play.

On Saturday the Sequoits travel to Round Lake. Starting time is 6:45 for the sophomores, with the varsity game following.

Frosh wrestlers finish 16-1

The 1976-77 freshmen wrestling team has completed the most successful season ever for a freshmen team at Antioch High School.

The future Sequoits finished with a season dual-meet record of 16 wins and one loss, and collected the third place trophy in the Grayslake Invitational tourney.

The thrilling 29-28 loss to Grant was the only setback suffered by the frosh this season, and it forced Antioch to be content with a second place finish in the conference.

"Much of the credit for the success of this year's fine group of wrestlers must go to assistant freshmen wrestling coach Dan Mikal," said Steve Wapon, assistant varsity coach.

"Mr. Mikal has completed his first year as the fourth coach that was added to the wrestling program last

year. It appears that there is a

strong nucleus of underclass wrestlers who will be moving up to next

year's varsity.

"With a continued emphasis on good attitude, more work on skill improvement and weight training, these wrestlers give Antioch varsity wrestling a very bright future," Wapon added.

The following boys successfully completed the season as members of the frosh wrestling program:

Do you know about the home heating system that pulls energy out of thin air?

Introducing the heat pump.

Scientists have known for centuries that the air around us is a storehouse of heat energy. But it's only been in recent years that they were able to develop an efficient way to tap that abundant resource—the heat pump. Today,

it is the only commercially available heating system that provides an answer to shrinking supplies of other fuels.

How the heat pump works:

Basically, the heat pump moves heat from one place to another. It uses electricity to extract heat from a limitless source—the heat in outdoor air. During winter, enough heat remains in the air—even on the coldest and cloudiest days—to be extracted by the pump and transferred indoors as clean, flameless heat.

And during warm weather, the process automatically reverses, removing excess indoor heat and humidity like an air conditioner.

Better efficiency.

In short, the heat pump does the job of both a furnace and an air conditioner. But there's an important difference. In northern Illinois the heat pump can produce more than 1 1/2 units of heat energy for every unit it consumes. That's better efficiency than any other current heating system. That could mean significant long-term savings on heating costs.

To get the full advantages of the heat pump, it's important to get a quality product, properly installed and reliably serviced. For the name of qualified installers in your area, call G. W. Berkheimer Co. (Westinghouse Distributors), 312-374-4411; General Electric Co., 312-496-6356; Lennox Industries, Inc., 312-593-2820; or Temperature Equipment Corp. (Carrier Distributors), 312-681-6220. If you want additional heat pump information, call your local Commonwealth Edison office and talk to one of our marketing engineers.
